

ACKSHAYA R

Software Developer

+91 6369750408 | ackshayar53@gmail.com | [linkedin.com/in/ackshaya10](https://www.linkedin.com/in/ackshaya10) | github.com/Ackshaya-R | Portfolio

PROFESSIONAL SUMMARY

Software Developer with hands-on experience in Android development, full-stack web applications, and AI-powered systems using Java, Node.js, React.js, MySQL, and Gemini API. Oracle Certified in Generative AI with strong proficiency in OOP, RESTful API design, and database management (JDBC, MySQL). National-level hackathon finalist with 9.3/10 CGPA. Seeking a software developer or backend engineer role to contribute to scalable, end-to-end digital transformation solutions.

EDUCATION

K.S. Rangasamy College of Technology

Bachelor of Engineering in Computer Science and Engineering; CGPA: 9.3 / 10

Tiruchengode, India

May 2026

TECHNICAL SKILLS

- Programming Languages:** Java, JavaScript, SQL
- Web Technologies:** HTML5, CSS3, React.js, Responsive Web Design
- Backend Technologies:** Node.js, Express.js, Spring Boot, REST APIs
- Database:** MySQL, JDBC
- AI & APIs:** Gemini API, Twilio API, Text-to-Speech (TTS), Speech-to-Text (STT), Speech Recognition
- Tools & Platforms:** GitHub, Android Studio, VS Code, IntelliJ IDEA
- Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), Database Management System (DBMS), Agile Development

PROJECTS

Luniva – AI-Powered Voice Health Assistant for Elderly

Dec 2025 – Feb 2026

Java, Android Studio, Gemini API, TTS/STT

- Engineered Android application with AI chatbot (Gemini API), voice-based medicine reminders, Emergency SOS, and multilingual support, improving elderly healthcare accessibility for 50+ users.
- Implemented offline-capable architecture with SharedPreferences-based data persistence; supports both voice and manual input with TTS/STT output, achieving 100% offline functionality.
- Integrated multilanguage support and elder-friendly UI, broadening accessibility for non-English-speaking users across 3+ regional languages.

Event Management System

Mar 2026 – Apr 2026

React.js, Node.js, Express.js, MySQL

- Developed full-stack web application for online event booking and management with RESTful backend APIs, implementing 10+ endpoints for CRUD operations on events and users.
- Integrated MySQL database for storing and retrieving customer and event details, supporting concurrent users with efficient query optimization.

Non-Invasive Chronic Disease Monitoring System

Jun 2024 – Aug 2024

Java, MySQL

- Designed health-monitoring system detecting glucose, hemoglobin & cholesterol via saliva/sweat analysis, eliminating need for invasive blood tests.
- Built Java frontend with MySQL backend for seamless data management and reporting.
- Shortlisted at KEC Med-Tech Hackathon '25 among 100+ competing teams.

INTERNSHIP EXPERIENCE

AICTE Virtual Internship – Artificial Intelligence & Machine Learning

April – June 2025

- Completed AICTE-certified internship focused on AI/ML concepts, supervised and unsupervised learning, neural networks, and real-world AI application development.
- Gained hands-on experience in data preprocessing, feature engineering, machine learning workflows, and AI-based problem solving using Python.

HACKATHONS & ACHIEVEMENTS

Kurukshetra Hackathon – National Finalist | Team Tech Titans

2025

- Reached national finals out of 500+ participating teams by developing a full-stack Doctor Appointment Management System as part of Team Tech Titans.

KEC Med-Tech Hackathon – Shortlisted | Team Conquerors

2025

- Shortlisted for developing a non-invasive chronic disease monitoring solution as part of Team Conquerors.

Best Outgoing Student Award

2026

- Recognized for academic excellence (9.3 CGPA), technical contributions, leadership, and overall student performance.

CERTIFICATIONS

Oracle Certified Professional – Generative AI

2025

- Completed Oracle's professional certification on Generative AI concepts, large language models, and enterprise AI applications.

NPTEL Certifications

- C Programming; Joy of Computing using Python; Privacy and Security in Online Social Media (ELITE).

Infosys Springboard

- DSA using Java; Java Developer Certification.

Great Learning

- SAP S/4HANA Essentials.
